

UVPoxy will produce a high-build, crystal-clear, durable finish that resists yellowing, fading, and cracking over time.

As an ideal solution for woodworkers, artists, and craftspeople, our **UVPoxy Kit** is a professional quality, high-performance epoxy system that's UV stable and produces a high-build, crystal-clear finish. **UVPoxy** is perfect for coating, bonding, and more. Being developed for commercial-grade applications, **UVPoxy** resists yellowing, fading, and cracking. This epoxy is extremely durable, capable of withstanding heavy use in high-traffic venues, including nightclubs, bars, and restaurants. It is self-levelling and you can build it up in 1/4" layers to your desired thickness.

Coat and protect your surfaces with UVPoxy. UVPoxy is a crystal clear, brilliant surface that accentuates and magnifies the material below it.
